

THE STORY OF MEXICO

The history of the United States and Mexico has been intertwined since the founding of the first European colonies. This sometimes volatile relationship continues today with the current debate over immigration, free trade, and other controversial issues. **The Story of Mexico** brings to life the dramatic events and fascinating characters that created modern Mexico, and provides insight on how this proud country may develop in decades to come. These four new books continue the history of Mexico as well as the life story of Emiliano Zapata, one of Mexico's most colorful figures.

REVIEWS

“Both volumes have a lively narrative style; the events come alive as interesting stories rather than listings of facts and dates.”

—*School Library Journal*

on *The Mexican Revolution* and *The Mexican War of Independence*

“Two excellent introductions to Mexican history “

School Library Journal on *Benito Juarez and the French Intervention* and *Cortes and the Spanish Conquest*
